

Easy Horse Care Pony Club Newsletter October 2010

Hello everybody,

Welcome to the October Newsletter,

As usual we have lots of news and events to tell you about in this newsletter and a new section dedicated to congratulating one of our Pony Club Members on something they have done that deserves a special mentioncould it be you??

Website

Remember everyone we have a website, www.easyhorsecare.net that is well worth visiting every week to check on all the latest news from the rescue centre.

You can read all about the latest rescues and keep up to date on what's happening with the events calendar.

You will also be able to read our own Newsletter online from this month and see pictures from our Pony Club days.

Are you in one of these months' photos?

Association of British Riding Schools

We are very proud to announce that following a visit from the UK from an inspector/ examiner from the ABRS last week we are now officially affiliated with them.

This means that as well as studying for our own Pony Club Tests that are starting later this month you will also be offered the chance to study for the ABRS exams. This is a fantastic opportunity for our older members to study and take the exams needed in the world of equestrianism that are recognised world wide.

More information on the ABRS tests to follow.

Pony Club Membership

Our Pony Club is the first ABRS recognised Pony Club here in Spain, we should all be very proud. Moving forward from this we have a new membership scheme.

You should have all received the new membership letters over the last weekend.

If you haven't received one please see Sarah or Rachel.

There are many benefits to being a member, be part of the team!

Please note that official members who have paid a years membership of 30 euros still pay 5 euros, non members 7.50 euros.

A note to parents/guardians

Please can you make sure that your child has enough drinks to last the day when they come to the PC. Due to the continuing hot weather we suggest your children still have at least 2 bottles of water.

A snack is also a good idea as they are using lots of energy whilst here.

Our Tea Room is open all weekend for refreshments and snacks should you prefer to leave your child with some money to buy their own.

I can personally recommend the cookies!!

Coming up this month

Halloween

Sunday 31st October, Pony Club day with a scary Halloween twist!

There will be special prizes for the best fancy dress costume age 3 to 9 years and one for the best costume age 10 years plus. So make an effort and come prepared to be scared.

We will be having Halloween treats, competitions, and lots of fun!!

We would also love to see you Saturday Pony Clubbers join us for this fun day.

Birthday parties

Have you a birthday coming up?

Have a special party here at the centre, we are happy to provide food, games, treats and ponies! Please ask us for details.

Pony clubber of the month

Well done to Amelia Mattison on being our Pony Clubber of the month.

We think she deserves a mention as she has shown great enthusiasm towards learning all about horse care and is making excellent progress with her riding. She is also one of the first to volunteer for some of the less fun jobs around the yard and a great helper with the younger members.

Could it be you next month?

See you at the weekend

Sarah & Rachel
